_nology

TALENT IN TECHNICOLOUR

PITCH YOUR PROJECT TO US!

Here at _nology, we pride ourselves on simulating the workplace, that's why we are inviting you to pitch an idea for our current course trainees to build over four weeks. All we ask is that you play the role of product owner.

There is no cost!

Output will be a stand-alone website / application.

Tech stack: Front end application built in React and integrated with an authenticated Firebase back-end.

To apply, please send an abstract of your idea to us via **hello@nology.io**

London Application Deadline: 21st February
Bristol Application Deadline: 28th February

We look forward to hearing from you!

T: 0330 128 1580
